

**From Courtroom to Classroom, Toby Mathis, Rogue Tax Attorney Turned Educator, has Escaped Cushy Corporate America to Help Millennials and Young Adults Avoid Money Pitfalls and Achieve Financial Independence in his #1 Best Selling Book**

***Infinity Investing: How The Rich Get Richer And How You Can Do The Same***

Toby breaks down how and where the wealthy invest, and the practical ways for millennials to get started doing the same in *Infinity Investing: How The Rich Get Richer And How You Can Do The Same*.

A clear-eyed researcher, dynamic storyteller and financial strategist, Toby Mathis does not fit the description of a guru. Everything he preaches, he practices. His only goal is improving the financial health of the next generation.

Listeners will find Toby's stories vivid and relatable. He uses just the right amount of real-world financial data to back up the lessons he'll share with your audience.

***Sold a broken system...*** College degrees aren't worth what they once were, more millennials live at home than ever before, and while the cost of living rises - wages stay low. There's an unspoken crisis in America, and if we don't teach our youth to grow their money, we'll have a generation of individuals completely dependent on the government.

***"I've seen it with my own Eyes..."***

After decades of studying thousands of tax returns of the ultra wealthy, Toby has pieced together their methods to building wealth, and is now revealing the surprisingly simple processes.

***It's not about being a millionaire, it's the only path to freedom...***

The reality is you don't have an alternative. Either you learn where to start putting your money or you live dangerously close to poverty. Millennials have it harder than any generation before them. We're not talking about becoming ultra-rich, if you don't invest, *you'll never have the security that used to come from having a job.*

**ABOUT Toby Mathis:**

Toby Mathis is a founding partner of Anderson Law Group and current manager of Anderson’s Las Vegas office. He has helped Anderson grow its practice from one of business and estate planning to a thriving tax practice and national registered agent service with more than 18,000 clients. In his work as an attorney, he has focused exclusively in areas of small business, taxation, and trusts. In addition, Toby was the past director and host of the longest-running local business radio program on KNUU in Las Vegas “*The BOSS Business Brief*”.

He sits on the board of directors for several companies and was recently appointed to the local board of Entrepreneurs’ Organization, a worldwide association of owners of successful businesses. He has authored more than 100 articles on small business topics and has written several books on good business practices, including first, second and third editions of *Tax-Wise Business Ownership* and *12 Steps to Running a Successful Business*.
